

FRIENDS OF THE MUSEUMS (SINGAPORE)

Friends of the Museums (Singapore) is delighted to welcome regional Friends to Singapore and where possible to participate in our activities.

We offer diverse events and details of these can be found on our website (www.fom.sg) or by contacting our office (fomsingapore@pacific.net.sg)

As a guide we propose the following events may be of interest – please check with the Activity Committee Coordinator in advance for availability or, where required, registration.

FOM(S) Lectures and Public Events: Open to all

Explore Singapore!: Registration required and regional Friends are welcome to apply (please note places are normally limited to a total of 15-20 persons – Regional Friends will be offered 2-3 places per event provided registration is received when places are available)

Docent Training Lectures: Regional Friends are welcome to attend our training sessions provided there are seats available in the venue

Study Groups: Regional Friends are welcome to attend sessions presented by our Study Group members provided the ‘presenter’ is comfortable with visitors

Study Tours: Regretfully Study Tours are restricted to FOM(S) members due to the demand within our membership and the requirement for participants to attend study tour sessions in advance of each trip
